YMCA Camp Yarramundi was established in 1937 and is located just over an hour from Sydney on the banks of the heritage listed Grose River. It has long been one of Sydney’s premier camp destinations.

Our range of adventure based activities provide plenty of opportunities for excitement and challenge as well as rest and relaxation.

We offer:
- A range of comfortable, air-conditioned accommodation, sleeping up to 220 guests
- Indoor sports hall with rubberised floor, full indoor court, stage, PA system and breakout rooms
- Audiovisual facilities
- Large dining hall with fireplace
- Large undercover outdoor eating area

The YMCA Camping Difference

Beyond an enjoyable outdoor experience the YMCA Camping Difference is Outdoor Education: a commitment to personal development achieved through customised facilitation delivered by qualified and experienced instructors. This is achieved through:

• A diverse range of programmed activity experiences to add focus, fun and challenge for everyone
• Individually tailored programs to meet specific group needs
• Low participant to staff ratios
• Full risk assessment paperwork
• Extensive pre-camp support including teacher’s ‘Organisation Package’
• Programmed night activities
• PDHPE & curriculum based programs
• Bush camping experiences at Deeimba: a 160 acre natural bush site with access to National Parks to experience hiking, camp-outs, navigation, abseiling and bush cooking
• Fee assistance available for approved candidates

YMCA Camping Experience

Do you remember your school camp? Camp is all about challenge, experience, independence, making memories and lifelong friends. It’s often the first time away from home for many students, and is an incredible opportunity for them to grow, learn, and think for themselves. At the YMCA we provide campers an opportunity to do this in a fun, safe and professional environment.

Catering
Full catering service is included in the price of your program. Meals are prepared fresh daily by our qualified chef. Special dietary requirements can be catered for.

Programs
We provide quality outdoor education programs, incorporating learning outcomes and challenge by choice. Each program is designed specifically with the individual groups’ requirements in mind.

We currently work with some of the best staff to participant ratios in the State. Our staff members are professional, permanent and are committed to working with children.

Outdoor Education Activities

Abseiling
A 10 metre high abseil tower for personal challenge and achievement, building self esteem and trust. Natural face abseil can be arranged for on and offsite programs.

Alpine Rescue
A ground level obstacle course with a series of challenges and scenarios promoting teamwork, trust, leadership and communication. Requires full group cooperation, no room for individuals here!

Archery
We teach the basic skills and techniques for shooting on the range.

Artificial Cave Maze
An amazing team work and bonding activity for all ages - including primary schools. Campers move through a series of obstacles in an artificial caving system and the degree of difficulty can be varied according to age.

Bivouac
This is an offsite campout experience. Groups discover how to survive in the bush and are required to cook their own food. Trangia cooking stoves are supplied.

Bushcraft
This program can include shelter building, cooking out, learning how to build a fire and teaching basic bush survival skills.

Canoeing
Our canoeing program is conducted on the beautiful, meandering Grose River. We teach the basic strokes and techniques and paddle downstream. Great fun and great for teamwork. Quiet & unspoilt by powerboat traffic this is the ideal activity for environmental awareness and appreciation.

Flying Fox
The flying fox is 80 metres long and starts at a height of 12 metres. This activity challenges participants to step out and face their fears and experience the adrenalin rush. This activity is about examining personal boundaries and encouraging others.

Giant Swing
There are two giant swings now on camp, one boasting a height of 20 metres and one boasting rivers views from 35 metres above during your swing. This activity is challenge by choice where each participant can face their fears with each member of the team playing a role in this achievement.

GPS Orienteering
Combining new technology with old school navigation skills to find your way to different check points. Participants work in teams, communicating, problem solving and having fun during this activity.

High Ropes Course
Our challenge ropes course requires participants to make their way around an aerial obstacle course. Climbers are harnessed and work in pairs to manoeuvre around the course. Overcoming fears and stepping outside the comfort zone are all important.

Initiatives
Problem solving, creative thinking, teamwork and communication are the keys to these activities. Although less physical than some of the other activities, this is an important activity for establishing cohesive teams.

Low Ropes
Our low ropes course is a series of challenges, ropes and obstacles, conducted just a foot or two off the ground. Great for building confidence, trust and teamwork.

Multi Group Challenge
This activity is the ultimate problem solving physical challenge. This activity engages all participants with a series of physical problem solving activities, each section leading to the next. If a corner is cut it may mean doubling back and starting again. This activity is designed to challenge cognitive ability, team work and communication.

Night Activities
These programs can include a disco, a talent quest, games night, trivia quiz or campfire. A guest speaker can be arranged for special interests, these include aboriginal culture, a reptile presentation (with actual reptiles) and so on.

Orienteering
Promoting communication, problem solving and team work, the participants learn basic map reading skills as they find their way around camp.

Vertical Play Pen
Designed to challenge pairs of climbers both physically and mentally, this activity has climbing obstacles as high as 15m. It is a team delay activity that focuses on communication and encouraging others.
